

Week 13 Meeting

2357351G - MSci Half Project

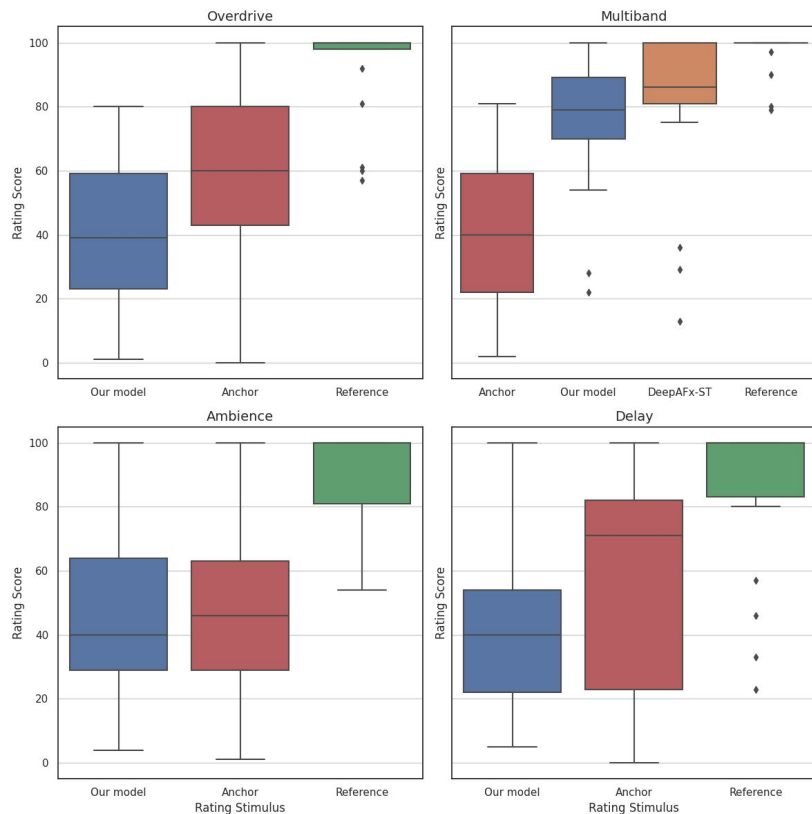

What I've done this week

- Performed offline evaluation of style-transfer model.
- Started getting participants for MUSHRA evaluation.
- Much of the week spent on report writing.

Dataset Evaluation

MUSHRA Evaluation (so far)

Questions

- Would it be possible to get some high-level feedback for a (very) rough draft of the report if I were to send it (before) mid-week?

Plan for next week

- Report writing.

Where I am in schedule

- Mostly report writing and analysis of evaluation results left to do.
